

Dear Participant,

Greetings from MRSI , NCL and IISER , Pune.

We are happy to inform you that we have arranged accommodations as per the request of the participants and we will be happy to provide transport to their respective accommodations after their arrival here in NCL.

Some participants may be arriving at different times on 8th July, hence we have not arranged dinner that evening. The participants are requested to make their own dinner arrangement near their location of stay.

Transportation will be arranged every morning from the venue of stay to NCL at about 7.30 am. In a couple of places of stay breakfast is available on site. In such cases the participants are encouraged to take the breakfast at their location of stay. For others the Breakfast is arranged at the NCL new canteen.

If you have any questions, please call anyone of us.
