

Name: Suresh Bhat
Division: Polymer Science & Engineering
Email: sk.bhat@ncl.res.in
Phone: 020-2590-2154
Fax: 020-2590-2615

- Education and experience
- PhD, Indian Institute of Technology, New Delhi
 - Postdoc, University of Fribourg, Switzerland
 - Postdoc, University of Tokyo, Japan
- Achievements
- JSPS Fellowship, University of Tokyo, Japan
 - Nestle Postdoctoral Fellow, Switzerland
- Research subjects:
- Physics
 - Materials Science
- Research Areas
- Soft Condensed Matter/Complex Fluids
 - Stimuli responsive microgel particle phase behaviour
 - Colloidal Particles in Surfactant Mesophases
 - Colloidal/Nanoparticle stability and interactions
 - Rheology of soft solids
- Recent publications
- S.S. Patil, E. Venugopal, S.K. Bhat, K.R. Mahadik, A.R. Paradkar, *“Probing influence of mesoscopic transformation on performance of self emulsifying system: Effect of Ion”*, Molecular Pharmaceutics, 9 (2012) 318-324.
 - E. Venugopal, S.K. Bhat, J. Valloran, R. Mezzanga *“Phase behavior of lipid-based lyotropic liquid crystals in presence of colloidal nanoparticles”*, Langmuir, 27 (2011)9792-9800.
 - C. Moitzi, R. Vavrin, S.K. Bhat, A. Stradner, P. Schurtenberger, J. Colloid Int. Sci., 336 (2009) 565-574.
